NOTES4HOPE IS A MISSION-BASED ORGANIZATION THAT BUILDS A COMMUNITY AROUND THE HEALING POWER OF MUSIC TO RAISE FUNDS AND PROVIDE EDUCATION FOR BREAST CANCER PREVENTION INITIATIVES.

DEAR PROSPECTIVE SPONSOR,

On behalf of the Notes4Hope Board and Directors and community, I would like to share exciting sponsorship opportunities that help extend our mission. It is possible to imagine a world without breast cancer and with your help, we can get there!

Did you know that one in eight women will be diagnosed with this disease in our lifetimes, but only 10% are a result of genetic causes? We believe we can stop this disease from occurring or reoccurring through creating a platform to provide education around breast cancer prevention. We do this with our community of music lovers and cancer haters, and through the generous donations from people like you!

Proceeds from this years' events help advance Notes4Hope's ability to deliver free **Wellness And Recovery (WAR) kits** to those in need, and also support our friends at the **Cancer Support Community (CSC)**. CSC provides comprehensive integrative care — including counseling, support groups, nutrition, exercise, and patient education programs — for anyone with cancer, including their families and/or caregivers. Their *FREE* services enable cancer patients to increase their chances for survival, reduce their chances of recurrence, and provide for the highest possible quality of life - cancersupport.net.

Your contribution gets WAR kits into the hands of those in need, underwrites live music events, and helps to disseminate wellness and prevention education to our community at large.

Thank you,

Sandy Preto

LUDWIG VAN BEETHOVEN

Notes4Hope Wellness & Recovery (WAR) kits feature handpicked items that provide comfort during and after treatment, and education on making simple changes by swapping out daily-use products for clean, non-toxic versions, including skin items verified by the [Environmental Working Group \(EWG\) Skin Deep database](#).

“Imagine your days filled with pain, uncertainty, and loneliness. There are no manuals on how to cope with marathon surgeries, nauseating chemotherapy, and the fatigue of radiation treatments. That’s what I went through, and the experience taught me firsthand what support and information others need who are facing cancer.”

Sandy Preto, Breast Cancer Survivor, Co-Founder and President of Notes4Hope
